release

## **Mutoh Announces Revolutionary Speeds for the New ValueJet: Faster than Ever Before . . .**

Today, Mutoh America Inc., a worldwide leader and manufacturer of large format commercial inkjet printers announced the latest high speeds for the ValueJet listed at 140sf/hr. Mutoh's ValueJet price has become more of a value producing exceptional image quality.

Formerly announced speeds have increased by 40% from 100 sf/hr to 140 sf/hr. The new X-Rail design and piezo print head technology allow for the increased print speeds. Take advantage of three individually controlled heaters for immediate drying, improved paper feed accuracy, and a compact design.

The value continues to build with the ValueJet which now includes rip software from SA International, FlexiPRINT, a starter set of Eco-Ultra ink, and a 1 year on-site warranty. The ValueJet is priced at only \$14,995. You can also purchase Mutoh's ValueJet Print Cut Bundle with an Ultima 48" cutter for only \$21,995. Visit Mutoh's booth # 1658 at the upcoming SGIA show in Las Vegas, NV Convention Center September 26<sup>th</sup> – 29<sup>th</sup>. To learn more about the ValueJet, go to [www.mutoh.com](http://www.mutoh.com) or call 1-800-99-MUTOH.

### **About Mutoh**

Mutoh Industries, Ltd. was founded in 1952 in Tokyo, Japan, to manufacture and distribute mechanical drafting products. Mutoh later introduced a broad line of flatbed and roll-fed pen/pencil plotters that established Mutoh as a worldwide leader in X-Y motion systems and printer and plotter technology. Since then, ISO9000-certified Mutoh Industries, Ltd. has become the world's foremost manufacturer of large format piezoelectric printers. Mutoh manufactures printers and related peripherals for some of the biggest names in the pre-press, sign and graphics industries. Mutoh has key engineering manufacturing and distribution centers in Japan, Belgium and Phoenix, Arizona, home to subsidiary Mutoh America.
